WORK EXPERIENCE

- I attend Webster University as a video production major. My most desired professional career involves producing podcasts and building websites. I have experience with computer networking and web server maintenance.
- I had a few temporary jobs over two years working in inventory management and data entry.
- Video editing and audio engineering is a large interest of mine. I like to be creative and computers are the most effective tool to accomplish this task. I hope to model my professional career around it.
- I have experience with Microsoft Word, Excel, PowerPoint, Final Cut Pro, Sony Vegas, Soundtrack, and Adobe Photoshop. I learn to use applications fast.
- I love to work with the general public. As a deli employee at Global Foods Inc., it was the aspect I really looked forward to every day

EMPLOYMENT HISTORY

Eliot Unitarian Podcast
April 2008-Present

- I master a podcast of a weekly Unitarian Sermon.

Professional Employment Group
2005-2006

- Inventory Clerk at Build-A-Bear Workshop St. Louis
Received and filled orders made by customers over the internet.
- Data Entry Specialist for Marketing at Edward Jones Investments
Organized data from customer surveys and built ratings figures for direct mailers and customer advertisements.

Global Foods Inc.
October 2007-February 2009

- Deli Clerk
I worked with customers helping them with their lunch meat needs. I also stocked shelves, kept inventory and oversaw general maintenance of the deli.
